

A Virtual Space for Academic Support

What a hard situation we are all facing right now. We hope you are all safe and healthy.

Since we cannot open the center this semester, we have decided to create a virtual space, where our Assistant Prof. Juliana will answer questions and chat with you every Monday from 10:00 to 12:00!

You can also use this space to leave comments or questions throughout the week. CGS's Research Institute Assistants Stefan, Letizia and YC Hung will join us when available and offer additional advice and support.

The idea is to keep CGS's "communication space" open online, even when the actual center is closed.

Let's make this a virtual space of academic support in which we can chat about issues concerning gender and sexuality studies!

Ground Rules

1. Both English and Japanese are OK
2. Let's give everyone a chance to participate.
3. Privacy, please! If you want to share this space with others, please do NOT mention any names or other private information.
4. Let's respect each other's difference: the people who join this chat all have different values (in terms of love, sexuality, gender, etc.) We are not here to judge anyone.
5. You can share, comment and ask questions, but we cannot always answer them immediately. Please be patient. Also, no one is forced to answer questions they don't want to. Use this space for sharing, and interacting, and let's focus on issues related to gender and sexuality studies, and online learning.

Please also keep in mind that CGS staff cannot provide any kind of counseling service. For counseling please refer to ICU's counseling website: <http://counseling.info.icu.ac.jp/home>

Would you like some help with assignments?

Would you like some reading suggestions?

***Or do you just want to talk about issues related to gender
and sexuality studies?***

**Visit our CGS Chat Room
every Monday
from 10:00 to 12:00**
